A

Abal, M., physiological action of Collinsonia canadensis, 39
Abano, Peter of (Mr. C. E. A. Clayton), 1096
Abattoir, municipal, proposed for Portsmouth, 872; of Belfast, 1589; (Parliamentary question), 1670; public, of Birmingham, and meat market, 1582; slaughter-houses of Dublin, 1180
Abattoirs renewal of lease, at Liverpool, 679; undesirable proximity to Liverpool Royal Infirmary, 524; public, provision of, in Scotland (leading article), 1639
Abbey Sanatorium for Pulmonary Tuberculosis, Belfast, 1037
Abdomen, excision of pad of fat from wall of, 602; injuries of, diagnosis and treatment, 644; and pelves, examination of, during pregnancy, 1417; safe method of opening, 602; some conditions of, and appendicitis diagnosed by x rays (Sir W. H. Bennett), 1461; wound in, suture and retractor forceps, 572
Abdominal aorta, occlusion of (Dr. C. H. Cattle), 1691
Abel's Laboratory Handbook of Bacteriology, tenth edition (translation by Dr. M. H. Gordon) (review), 165
Aberdeen, cerebro-spinal meningitis in, 134; hospital abuse in, 680; medical appointments, 1244; spitting on pavements in, 1374; town council and street accidents, 816; University of, 752; honorary degree at, 1113; pass lists, 1184; (University) Studies in Pathology written by Alumni to Celebrate the Quatercentenary and the Quarter Centenary of the Chair of Pathology, edited by Dr. W. Bulloch, 1906 (review), 864; water-supply of, important report, 1180 (see also Morningfield Hospital)
Aberdeen City Hospital, extension of, 1516; proposed extension of, 1447
Aberdeen Dispensary, annual meeting, 896
Aberdeen Royal Infirmary, annual report, 599; donation from Lord Mount-Stephen, 1659; Hospital Sunday, 198
Aberdeen University Medical Society, 680
Abortion, with abscess of thyroid gland, following perforative appendicitis in pregnancy (Mr. H. S. Pendlebury), 1007
Abraham, Dr. P. S., baldness caused by x rays in ringworm, 163; favus in a mouse, 1008
Abrahams, Dr. B., obituary, 1859
Abram, Dr. J. H., and Paul, Mr. F. T., colloid cancer of stomach in a boy, 720
Abrams, M. P., and Widal, M. F., diagnosis of cancer in the central nervous system by lumbar puncture, 1093
Abscess, acute, method of obtaining rapid healing in cases of, 13, 46; appendicular, 430; appendicular, containing a pin, 1205; appendicular, simulated by sarcoma of right os innominatum (Dr. E. H. R. Harries), 1770; of cerebellum, unusual case in boy, 496; pulmonary, basal, 681; pulmonary, in left infra-scapular region, 292; subphrenic, 104, 159; subphrenic, paravertebral triangle of Grocco in, 172; temporo-sphenoidal, 644; of thyroid gland and abortion following perforative appendicitis in pregnancy (Mr. H. S. Pendlebury), 1007; tropical, of liver (Dr. T. R. Bradshaw), 146
Abstainers, Medical International Society of, 1727
Academic proletariat, 1224
Accessory sinuses, relations to eye, 1656; topography of, shown by x ray photographs, 1656; transillumination of, 1656
Accident ambulance wagon in the Rhondda, 197
Accident as cause of hernia?, in compensation case, 175
Accidents, industrial, in Hungary in 1907, 602; non-fatal, investigation of (Parliamentary question), 826
Accra, plague at, 248
Acetone, test for, exhibited, 1014
Acetone bodies, 912
Acetonuria, post-anæsthetic, 914
Achert, Dr. R. E., protracted use of digitalis, 1619
Achondroplasia, Cæsarean section in subject of, 721
Acid intoxication following administration of chloroform (Dr. H. Thorp), 623; following ethyl chloride anæsthesia (Dr. H. B. Cunningham), 284; in pregnancy, 637; pathology of (Dr. F. A. Bainbridge), 911
Acidity of urine (Mr. F. A. Watkins), 1766
Acne rosacea, 1518
Acrania, and imperfect development (Dr. A. Yule), 154
Acranial fœtus, two cases (Dr. J. Pirie), 100
Acromegaly (spurious (?)), 562; with exophthalmic goitre, 1208
Actinomycosis of cheek and glands of neck, 105; of the jaw, 24; case after two scraping operations, 105
Adam, Dr. J., pathology and treatment of atrophic rhinitis, 1419; severe spasmodic contraction of a finger cured by stretching the median nerve, 287
Adami, Prof. J. G., subinfection, 1568
Adams, Mr. P. E. H., epidemic of conjunctivitis due to pneumococcus, 1843
Adamson, Dr. H. G., diphtheria of the skin, 677; Skin Affections of Childhood, with Special Reference to those of more Common Occurrence and their Diagnosis and Treatment, 1907 (review), 1777
Addison's disease, death from symptoms of, in case of leucoderma, 1412; and pregnancy, 1398
Adelaide Children's Hospital, 65
Adeno-carcinoma corporis uteri, 1213
Adenoids, effect of open windows upon, 676, 1176; and open windows, 812; prevalence of, cause, 262, 454; relation of, to palatal deformities, 443
Adenoma (diffuse), occurring in fibroid uteri, 23; of thyroid, case of acute suppuration in, due to the bacillus typhosus (Dr. F. G. Melandri and Mr. T. P. Legg), 228
Adolescence, changes in the heart during (T. E. H. Williams), 967
Adrenalin in treatment of osteomalacia, 1183
"Adriatic," ventilation of, 1442
Adulteration of milk, justices' attitude on, 1457
Adults, congenital stenosis of pylorus in, 1772; defensive arrangements of body as illustrated by incidence of disease in (Sir W. W. Cheyne), 1816
Advancement operation (Worth's), 1305, 1368
Advertisement, indecent, 1596, 1735, 1892; medical, instance of, 139; objectionable, 907; unjustifiable, apology for, 1506
Advertisements, indecent, evidence respecting tendered to joint Parliamentary Committee, 1889
Æsculapius, serpent of, and snake-worship, 1023
Affleck, Dr. J. O., honorary degree to be conferred on, 526
Afforestation, 1090
Africa, pygmy and negro races of (Dr. F. C. Shrubsall), 1050, 1133; South-West, destruction of mosquitoes in, 1517; Medical Staff appointments, 1411; (see West African Medical Service)
After-care Association, 271; annual meeting, 473
After-cure for sanatorium patients, 1805
After-health of University oarsmen, 1089
Age in relation to prospect of recovery after surgical operations, 1518
Aged, Home of Rest for, in France, 1885
Agriculture, risks of arsenic in, 527
Aickin, Dr. W., obituary, 1246
Aikens, Charlotte A., Hospital Training School Methods and the Head Nurse, 1907 (review), 1156
Ailments, Common (Minor Medicine: Treatise on Common Ailments) (Dr. W. E. Wynter) (review), 866
Air, fresh, zeal for, 1880; impurities in, 1093; mechanical separation of oxygen from, 1788; subcutaneous injections of, in treatment of sciatica, 567; liquid, effect of, upon the grafttable cancer of mice (Prof. J. E. Salvin-Moore and Dr. J. O. W. Barratt), 227
Air passages (upper), general treatment of local diseases of, 1445; upper, therapeutic value of x rays and radium, 1656

"Air-way," artificial, for use during anæsthetisation (Dr. F. W. Hewitt), 490
Aked and Aked, Messrs., question of medical defence, 1872
Alabone treatment, 139
Alberta, University of, date of opening, 1376
Albion Magazine (review), 649
Albrecht, Dr., successful case of Talma's operation, 1311
Albuminuria in renal tuberculosis, 916
Alcohol, consumption of, in France, 1803; effect on bacillus of enteric fever, 1518; and mental disease, 789; Side Lights on, and its Action on Human Organism (Medicus Abstinens) (review), 1846; sudden deprivation of, in delirium tremens, 39; treatment of pneumonia and enteric fever by, 442; and tuberculosis in Ireland, 474
Alcoholism, causes and treatment, 128; causing neuritis, 163; pathology of, 941; prominent factor in production of arterio-sclerosis, 1450
Alexander, Mr. F. W., electrolytically produced fluids containing hypochlorites, manufacture, rationale and chemistry of process for securing stability, 157
Alexandra Hospital, Montreal, 62
Alexandra Military Hospital, Portsmouth 258
Alexine, 433
Alford, Dr. H. J., appointed medical inspector of school children at Taunton, 249
Algeciras and its climate, 446
Algeria, sale of quinine in, 1037
Alimentary canal, of child, 15 months old, needle in, 189; diseases of, 1584; diverticula of, 860; relation of entozoa to mucous lining of, 1938
Alkaline earths, salts of, affecting coagulability of blood (Dr. J. B. Nias), 96
Allan, Dr. F. J., telephone call office as factor in spread of disease, 1862
Allbutt, Dr. T. C., and Rolleston, Dr. H. D., A System of Medicine by Many Writers, Vol. III., 1907 (review), 26
Allen, Dr. R. W., The Opsonic Method of Treatment: A Short Compendium for General Practitioners, Students, and Others, 1907 (review), 648
Allingham, Mr. W., obituary, 444, 530
Almoners, appointment of, to check out-patient abuse of hospitals, 520
Aloin (gelatin-coated) and phenolphthalein compound pill, 1778
Amalgamation proposed for Berlin medical societies, 1114
Ambulance, class in Crewe, 750; in the Rhondda, 197; lectures, St. John and St. Andrew (Parliamentary question), 826; metropolitan street service, 444; motor, in Rangoon, 1665; proposed draught of, by dogs, 1037; service at jubilee pageant in Vienna, 1857; system of New York, centralisation proposed, 63; (see also Dogs, First-aid, Horse); St. Andrews ambulance classes, International First Aid Congress, Motor ambulance)
America, "local hospitals" in, 611
American Practice of Surgery, edited by Dr. J. H. Bryant and Dr. A. H. Buck, vol. iii. (review), 1626
America, sanitary triumph of, in Panama (Mr. J. G. Leigh), 1646
Amnesia, case exhibited, 1418
Amputation of tabetic or trophic foot, 104; interscapulo-thoracic, 1080
Amyl (see Nitrite of amyl)
Anæmia, cardiac symptoms in, 1450; cerebral, and its ocular complications, 942; pernicious, with enlargement of spleen, 1209; splenic, aspects of (Dr. G. A. Gibson), 850
Anæsthesia, acetonuria following, 914; v. analgesia in obstetrics, 1213; v. analgesia in obstetrics and gynæcology (Sir W. J. Sinclair), 1541; deaths during, 597, 675, 1033, 1369, 1575; from anæsthetist's point of view, 1173; vomiting after, 291–2; (ethyl chloride) followed by acid intoxication (Dr. H. H. B. Cunningham), 284; general production by combination of scopolamine and morphine, 1721; (local) in minor surgery, 1709; (local) of extremities, new method of producing, 1721; lumbar (leading article), 870; spinal, 937, 1114, 1517; (surgical) coroner's inquests upon deaths in, 1106, 1304
Anæsthetic, responsibility for, 454; (general), clinical employment of ethyl chloride as, 1310
Anæsthetics, administration of (Parliamentary question), 1043, 1810; choice and administration of, 1513; compulsory instruction in use of (leading article), 1563; deaths under, 263, 1234; (Dr. F. J. Waldo), 851; deaths under, observations of Mr. J. Troutbeck, 1298; Parliamentary question, 686, 1383; legal responsibility and (Dr. D. W. Buxton), 151; (general) influence on blood, 268; improved "ideal" inhaler for, 297; post-mortem examinations in cases of death under, 1008–1012; proposition that instruction in, be made compulsory, 1009; sudden death under, analysis of 74 cases, 567
Anæsthetisation, artificial "air-way" for use during (Dr. F. W. Hewitt), 490
Anæsthetists, legal liability of, 1008, 1167; discussion on, 1008–1012; legal responsibility of (Dr. D. W. Buxton), 151; (leading article), 169
Analgesia v. anæsthesia in obstetrics, 1213; in obstetrics and gynæcology (Sir W. J. Sinclair), 1541; by intraspinal injection of stovaine, report on 50 cases (Mr. L. H. McGavin), 1058; present state of, 1555
Analgesic balm, 1778
Analysing creamery milk in county Derry, 1374
ANALYTICAL RECORDS FROM THE LANCET LABORATORY.—Alexine, 433—Alkuris Table Water, 434—Analgesic balm, 1788—Cognac Brandies, 31—Coryfin, 1778—Cyllin obstetricant lubricant, 1779—"Dry Sack"; Eustace Miles Food Preparations, 433—Fermenlactyl Tablets, 650—Formamint, 433—Formathol; Giesshübler (Mattoni's); Gluten Bread, 650—Gelatin-coated Aloin and Phenol-phthalein Compound Pill; Genuine Hollands; Hemisine, 1778—Irish Whisky, 433—Jamaica Tea; Marmite (Savoy Brand), 31 — Novaspirin, 650—Para-lysol Tablets, 1778—Patent Covered Cooked Ham, 31—Petol Preparations, 434—Prana Sparkeovine, 1778 — Pure Malt Whiskies, 650—Pyrozone Solution, 1778—Sardines (crossed fish brand); Sauerin; Solid Black Mercurial Lotion, 31—Sterilised Milk (green butterfly brand), 1779—Tabloid Phenol Menthol Compound, 1778—Tasteless Cod-Liver Oil, 650—Tawny's Port (Saword's); Tuberculin Tablets (purified), 1778 — Vis Vitæ Bread (V.V.), 434
Anastomosis (arterio-venous) for senile gangrene, 1412; (portal caval), prognostic significance of portal obstruction without external evidence of (Mr. G. H. C. Lumsden), 785
Anatomy, chair of, proposed endowment in Bristol and West of England University, 1658; Clinical, Text-book for Students and Practitioners (Dr. D. N. Eisendrath) (review), 294; Comparative, of Vertebrates (Prof. R. Wiedersheim) (review), 1695; Human, Descriptive (Parts I., II.), (Dr. J. Sobotta) (review), 1017; Essentials of (Dr. J. Sobotta) (review), 1017; Atlas and Text-book of (Dr. J. Sobotta) (review), 1628; in England During Nineteenth Century (Dr. A. Keith), 1; Including Structure and Development, and Practical Considerations (Dr. G. A. Piersol) (review), 164; Pocket, Sixth Edition (Mr. C. H. Fagge) (review), 1217; Practical, Manual and Review of (Prof. D. J. Cunningham) (review), 29; Surgical, Applied (Sir F. Treves) (review), 723; Surgical, Text-book of (Dr. W. F. Campbell) (review), 1697
Anders, Dr. J. M., Text-book of the Practice of Medicine, 1907 (review), 1350
Anderson, Dr. J. F., and Rosenau, Dr. M. J., standardisation of tetanus antitoxin, 1641
Anderson, Sir T. M., obituary, 388, 468
Anderson, Dr. W. D., dosage of new tuberculin, 1513; statistical side of opsonic question, 1106
Andrews, Dr. H. R., and Maxwell, Dr. R. D., difficult labour, 936
Aneurysm, treatment by electrolysis, 1773; aortic, causing compression of vena cava, 1311; saccular, 499; specimen of, 234; sudden death in (Dr. H. A. Smith), 1337; with extensive arterial disease (Dr. S. Taylor), 702; of aortic arch, causing dysphagia, 162; displacement of larynx in, 804; arterio-venous, treated by ligature of common carotid artery, 1484; dissecting, of pulmonary artery, patent ductus arteriosus: rupture into pericardium (Dr. L. Durno and Dr. W. L. Brown), 1693; of thoracic aorta ulcerating into pericardium, 1206; of common femoral artery, 1414; of femoral artery, suppuration from pneumococcal infection, recovery (Mr. H. H. Clutton and Mr. L. S. Pidgeon), 556
Angeioma of right auricle and meatus, 640
"Angina cruris," arteritis obliterans of lower extremity with intermittent claudication (Dr. F. Parkes Weber), 152
Angina accompanied by aortitis, 865; nature of, 1346
Anglo-American Medical Association of Berlin, 907
Aniline, dangers of, 1880
Animals, cruelty to, well-deserved sentence, 1808; diphtheritic affections of, in relationship to those of man (Dr. L. W. Sambon), 1143; humane slaughtering of, 1176; Labyrinth of (Dr. A. A. Gray) (review), 109; (living) experiments on, 1809; method of resuscitating from chloroform syncope, 752; wild, in Madras, 1666
Ankylosis after dislocation of the elbow, 566; hysterical, of lower jaw, 1772
Ankylostomiasis in Australia, 102
Annales Medicales et Bulletin de Statistique de l'Hôpital d'Enfants Hamidié, 1907 (review), 1282
Annals of Otology, Rhinology, and Laryngology (review), 572
Annals of Tropical Medicine and Parasitology, 1907 (review), 296
Annandale, Prof. T., obituary, 70; proposed memorial of, 1035, 1235, 1797; resolution of condolence respecting, passed by Edinburgh Royal Infirmary Board, 133
Annual Report of the Imperial Bacteriologist of India (review), 795
Anthrax, case of (Parliamentary question), 533, 686, 1043; cases (Dr. J. S. Clarke), 633; cases untreated (Dr. J. Cropper), 1007; and glanders in human beings (Parliamentary question), 1043, 1120; in Belfast, 1181; in Glamorganshire, 750; in Manchester market, 459; in Newcastle, 1243; ignorance as to, 1722
Anthropology, researches in, 1806
Antimony (see Chloride of antimony)
Antiseptic surgery, points in history of (Lord Lister), 1815
Antitoxic functions, disturbances of, 995
Antitoxin in successful treatment of tetanus, 1075; (tetanus), standardisation of, 1641; in treatment of "diphtheria of skin," of three years' duration (Dr. A. B. Slater), 15
Antitoxin of Diphtheria (Bacteriology of Diphtheria), edited by Dr. G. F. H. Nuttall and Dr. G. S. Graham-Smith (review), 1419
Antivaccinators, European, in India, 1886
Antivivisection agitation in New York, 900
Antrum, maxillary, cystic disease of (Mr. R. Lake), 783; sarcoma of, 163
Antrum, suppuration of, case presenting unusual features, 954
Anuria, with heart disease, cases, 104
Aorta, regurgitation of, 1215; stenosis of, 1209
Aorta (abdominal embolism of), 1080; occlusion of (Dr. C. H. Cattle), 1691; (see Aneurysm, also Aortic)
Aortic valve (ruptured), 562, 1079
Aortitis accompanying angina pectoris, 855; specimen showing form of, associated with sudden death, 1077
Apothecaries' Hall of Ireland, 203, 1594; and Prof. G. H. Darwin, 1802; assistant examiners to, 1636; pass-list, 531; recommendations to General Medical Council, 1631
Appeal, charitable, 907
Appel, Dr. L., libellous statements by ladies and medical men, 1555
Appendicostomy, study of (Mr. J. L. Stretton), 778
Appendicitis, acute: indications for and advantages of early operation in (Mr. F. A. Southam), 491; acute, causing acute pyelitis, 1500; in association with pregnancy, 1326; bradycardia in, in children, 467; chronic, 1590; deductions from 100 consecutive operations for, 232; discussion on, 1590; etiology of, 1154, 1162; first operation for, 388; hæmatemesis in, 1225; and other abdominal conditions diagnosed by x rays (Sir W. H. Bennett), 1461; with diffuse peritonitis, cases (Mr. C. A. R. Nitch), 1761; perforative, during pregnancy, followed by abscess of thyroid gland and abortion (Mr. H. S. Pendlebury), 1007; in China, 1115
Appendix, abscess of, simulated by sarcoma of right os innominatum (Dr. E. H. R. Harries), 1770; abscesses of, 430; and cæcum contained in strangulated left inguinal hernia, 1076; (see also Abscess, appendicular); rupture of, during operation (Dr. F. R. B. Bisshopp and Mr. J. D. Malcolm), 1621
Appointments, weekly lists of, 138, 204, 272, 400, 474, 535, 610, 688, 759, 828, 905, 977, 1121, 1187, 1252, 1317, 1383, 1455, 1526, 1599, 1671, 1732, 1810, 1890
Apprentice, medical, reminiscences of 50 years ago, 21
April, 1908, abnormal weather of, 1358
Arbroath, outbreak of small-pox in, 1447
Archives of Internal Medicine (review), 1430
Arkle, Mr. A. S., physique and health in Liverpool schools, 104
Arm, Tagliocotian skin-grafting of, 104; compound fracture of, 1843; upper, gunshot injury of, 106; (see also Forearm)
Armies, Hygiene of (Dr. Zavitzianos) (review), 504
Armour, Mr. D. J., the Hunterian lectures on the surgery of the spinal cord and its membranes, delivered before the Royal College of Surgeons of England, 693, 765, 838; (leading article on), 1019
Arms, face, and neck, case of "œdema" limited to, ? cause, 1274

Army, British, health of (Parliamentary intelligence), 826; and the nation, physical condition of (leading article), 727; health of, in India, 1729; officers, eyesight of (Parliamentary intelligence), 825; (Parliamentary question), 904; officers of, lectures in sanitation for, 127; syphilis in (Maj. H. C. French) (review), 1421; tuberculosis in (Parliamentary question), 905, 1042; (French) disease in, 1310; territorial (see Territorial army)
Army Medical Corps, reform in, in Hungary, 1250
Army order respecting special reserve of officers, 1367
Arrhenal and cacodylate of sodium in treatment of corneal ulceration, 1449
Arrhenius, S., Immuno-chemistry, 1907 (review), 1157
Arris and Gale lecture on the pathology of acid intoxication (Dr. F. A. Bambridge), 911
Arsenic in the body, localisation of, 805; in treatment of syphilis, 600, 1575; risks of, in agriculture, 527
Art and insanity (leading article), 1219
Arterial hyperæmia, therapeutic uses of, 1375
Arteries, disease of, extensive, co-existing with aortic aneurysm (Dr. S. Taylor), 702; Hypertonus of, Sclerosis and Blood Pressure (Dr. W. Russell) (review), 431
Arterio-sclerosis and its causation, 496; caused by alcoholism, 1450; Lancereaux's views respecting, 1803; nervous manifestations of, 735; in the young, 1025
Arteritis obliterans of lower extremity with intermittent claudication ("angina cruris") Dr. F. Parkes Weber), 152
Artery, carotid, common, ligature of, in treatment of arterio-venous aneurysm, 1484; coronary, rupture of, causing hæmo-pericardium, 443; femoral, aneurysm of, suppuration from pneumococcal infection, recovery (Mr. H. H. Clutton and Mr. L. S. Dudgeon), 556; (common femoral) aneurysm of, 1414; pulmonary, dissecting aneurysm of, patent ductus arteriosus, rupture into pericardium (Dr. L. Durno and Dr. W. L. Brown), 1693; embolism of, treatment, 1514; perforation of, by migrating needle, 135; and vein, femoral, excision of, in recurrent sarcoma, 1414
Arthritis with purpura, 1345; rheumatoid, 942
Arthur, Dr. R., Australia for the sons of professional men, 1714
Arthur, Mr. W. B., First Aid to Miners (review), 1559
Artificial respiration, "Silvester method" of, 878
Ascites and tumours of ovary, 499; treated by epiplopexy, 496; paracentesis performed 25 times, 1207

Certificates, medical wording of, by practitioners, 1725
Certification of inebriates: the radical cure (Dr. T. S. Shaw), 620
Cervical glands, operations on, 1722
Cervix uteri, carcinoma of, advanced, treated by Wertheim's hysterectomy (Dr. A. H. N. Lewers), 704; complicating pregnancy, 721; cystic degeneration of, in unusual degree, 721
Chabert, M. (Looking Back), 435, 589
Chalk, mercury with, large doses of, in treatment of small-pox, 1235
Chalmers, Dr. A. K., report on vaccination, 679
Chamberlain, Mr. J., M.P., health of, 802
Chamberland, M. C. E., obituary, 1375
Champagne at 1s. per pint bottle, 1188
Champtaissin, M. de, and Rochard, M., hæmarthrosis of the knee, 267
Chancre, treatment of, 399
Chandos Chair in University of St. Andrews, 1515
"Chanteclair," advertisement, 1673
Chapman, Dr. C. W., granular kidney in girl, probably due to congenital syphilis, 1013; bradycardia with valvular incompetence, 1209
Chapman, Dr. H. G., and Welsh, Dr. D. A., precipitin reaction in hydatid disease, 1338
Chapman, Mr. J. E., and Bardswell, Dr. N. D., Diets in Tuberculosis: Principles and Economics, 1908 (review), 1348
Charities, medical, at Bristol, 137
Charles, Sir R. Havelock, case of kala-azar, 719; filaria in production of disease, 1553
Charts, graphic, squared paper for, 1527
Chatham, influenza at (Parliamentary question), 686
Chatham Naval Hospital, cooking arrangements at, 1173
Chatterjee, Mr. S. P., severe sentence on, for giving false evidence, 1886
Cheek, actinomycosis of, 105; granulomatous tumour of, 102
Cheese, imitation, fine inflicted, 203
Chelmsford, borough of, report of medical officer of health on, 1103; rural district, report of medical officer of health, 670
Chelsea and Notification of Births Act, 1907, 390
Chelsea Clinical Society annual dinner, 757
Chemical Basis of Pharmacology (Dr. F. Francis and Dr. J. M. Fortescue-Brickdale) (review), 1017
Chemicals, use of, in aseptic surgery, 289
Chemistry and medicine (leading article), 798; Text-book for Medical Students (Prof. G. von Bunge) (review), 570; Text-book of (Dr. A. F. Holleman) (review), 505; Organic, including Certain Portions of Physical Chemistry (Dr. H. D. Haskins and Dr. R. R. Macleod) (review), 1081; (Practical, Organic), Course of (Dr. T. S. Price and Mr. D. F. Twiss) (review), 1282; Valentin's Practical (Dr. W. R. Hodgkinson) (review), 1082; (see also Thermo-chemistry)
Chemists' Exhibition, 1381
Cheshire, birth-rate in, 1586; (Mid-), infirmaries in, 750
Chest, operations on, 1797; suffocation of, by compression of, Barnsley disaster, 394
Chevers, Mr. M. J., etiology of the psoriatic and allied conditions, 1155

Chichester, Dr. C. R., West African Medical Service (report of retirement from, contradicted), 890
Chicken-pox, conveyance of infection by a third person, 1655; and pregnancy, 1396
Chiene, Prof. J., new method of treating congenital wryneck, 106; simple method for preparing catgut, 1485
Child, Mind of, its Growth and Training (Mr. W. E. Urwick) (review), 1080; Study of Introduction to (Dr. W. B. Drummond) (review), 1080; wryneck in, with paralysis of legs, diagnosis?, 1488
Childhood, bacterial infections of urinary tract in (Dr. C. R. Box), 77; psychology of, 898
Children, afflicted, education in Ireland, 1381; bradycardia in appendicitis in, 467; bronchiectasis in, empty bronchus treatment by posture, 1488; burning and overlying of, 123; (charity), extension of hospital for, 267; cruelty to, medical evidence on, 168; dental caries in, 1008; defensive arrangements of body as illustrated by incidence of disease in (Sir W. W. Cheyne), 1816; diseases of, chronic, Liverpool County Hospital, annual meeting, 815; Manual of (Dr. J. Ruhräh) (review), 165; fatal lymphocythæmia in, 1206; growth of, influence exerted by defective metabolism of fat, 1154; in hospitals, prophylaxis in care of (Dr. H. Koplik), 1470; imprisonment, for cruelty to, 42; lumbar puncture in meningeal forms of enteric fever in, 513; medical inspection of, in West Sussex, 974; mentally defective, school for, at Birmingham, 1515; overlying of, 749; (pauper), country life for, 1181; pneumonia in, 1485; protection of, 1249; in public-houses (Parliamentary question), 474; rheumatism in, 1551; safety of, in streets, 1809; sick, oldest institution for treating, 1655, 1716, 1857; sick, seaside treatment for, 863; stock-in-trade of organ-grinders, 952; treatment of, from dental point of view, discussion on, 1008; tuberculous disease of bone in, based on 900 cases of hip-disease, 721; young, health and safety of, 448; (see also National Society for the Prevention of Cruelty to Children)
Children (see also School Children)
Children Bill, 532, 977, 1120, 1453; (leading article), 507; penalty for overlaying imposed in, 1507
Children's Country Holiday Fund, 1432
Children's hospital, individual isolation in, 817
Children's Hospital, Sydney, 1667
China, aspects of medicine in, 194
CHINA, CORRESPONDENCE FROM.—Adulteration of milk in; Opium question in; North, climate and health in; Small-pox in, 529—Medical Journal; Union Medical College, Peking, 820—Opium habit, 821—Appendicitis in China, Shanghai, and the opium question, 1115—Disposal of refuse; Union Medical College, Peking; Appointment of foreign medical police officers at Tientsin, 1666—Stamping out of opium smoking, 1667
China scouring in the Potteries, hygienic improvements in process of, 511
Chinsuria, cholera cases at, 270
"Chirurgiens dentistes" (unlicensed) in Constantinople, 683
Chisel, new, for mastoid operations, 651
Chloasma, freckles, and other pigmentations treated by scarification and application of oxygenated water, 805
Chloride of antimony, therapeutic action of, 656
Chlorine retention and dechlorination, blood pressure, hyperacidity, and variations in starch ration, observations on (Mr. H. Higgins), 1136
Chloroform, administration of, followed by acid intoxication (Dr. H. Thorp), 623; questionable efficiency of atropine in, 1431; poisoning, delayed, 812; fatal case of (Dr. H. C. Wilson), 626; (leading article), 654; nature and prevention (Dr. W. Hunter), 993; report on two cases (Dr. T. M. Bride), 625; suggestion for treatment (Dr. A. P. Beddard), 782; three cases (Mr. E. D. Telford), 623; syncope, method of resuscitating animals suffering from, 752
Chloroform pruris B.P. (Planet brand), 947
Choanæ, atresia of, operation for, 1449
Cholæmia, toxic agent of, 1450
Cholecystitis, 720
Cholelithiasis in children, 602
Cholera in Lower Bengal, 1728; in India, 1440; at Indian coalfields, 1886; &c., deaths from in India, 1809; in Near East, spread of, 455; in pilgrimage and elsewhere, 678; and plague in the Hedjaz and elsewhere, 1109; and pregnancy, 1397; in Peshawar, 1866, 1885; in Russia, Persia, and Turkey, 52; spread of, an infected haj, 189; statistics, 463; transmission by fish, 897; transmission by water used for washing plates, 270
Cholesteatoma of temporal bone, 567
Cholesterine, therapeutic use of, 897
Chorditis tuberosa, 25
Chorea, certain pupillary signs in (Dr. F. Langmead), 154; and pregnancy, 1400; and rheumatism in children, 1415; (Sydenham's) etiology, 1725
Christian, H.R.H. Princess, translation of Prof. F. Esmarch's First Aid to the Injured (review), 1217
Christian Science treatment, 168
Christiania, milk epidemic in, 1707, 1804
Christmas in Manchester, 58
Chrobak, Prof., retirement of, 1038
Chromate of potassium, death from eating, 1298
Church lads' brigade, London diocesan, 1441
Church of Scotland Deaconess Hospital, Edinburgh, 1035
Churches of London, Ancient and Modern (Mr. T. F. Bumpus) (review), 1349
Churton, Dr. T., exhibition of cases: (1) acute spinal myelitis; (2) heart disease and anuria; (3) partial anuria and old mitral disease, 104
Chylothorax, lymphatic leukæmia with, 464
Cigar, reek of, 578
Cigarettes, hygienic, 907

Circulation, action of asparagus on (Looking Back), 1029; "dammed" and "interrupted," 560
Cirrhosis of liver, specimen, 1077; alcoholic, 563; malarial (Mr. E. F. G. Tucker), 1474
City of London Hospital for Diseases of the Chest, festival dinner, 1452
City of London Schoolboys' Shooting Club, 1654
Clarke, Mr. E., suturing lateral recti to insure greater mobility of stump after enucleation of eyeball, 1480
Clarke, Mr. E., and Mayou, Mr. M. S., tubercle of iris treated by tuberculin, 1484
Clarke, Dr. H. H., motion respecting milk-supply of the Liverpool hospitals, 859
Clarke, Dr. J. S., two cases of anthrax, 633
Clarkson, Mr. W., obituary, 973
Class mortality statistics (see Statistics)
Clavicle, anatomy of fracture of, 1198
Clavicles, anterior dislocation of sternal ends of treatment by fracture of clavicles with good results (Dr. T. H. Middlebro'), 1149
Clayton, Mr. C. E. A., Peter of Abano, 1096
Cleft-palate, modern treatment of (Mr. W. A. Lane), 6
Cleland, Dr. J. B., sidelights on nature's opsonic index, 186
Clermont-Ferrand school of medicine, riot at, 818
Cleveland, Mr. J. W., string tied round penis caused strangulation and gangrene, 1550
Clifton Dispensary, annual meeting, 606
Climate and health in North China, 529
Climatology (see Hydrology and climatology, Ninth Italian Congress of)
Climatotherapy and urban hygiene, congress of, 971
Clinical Journal (review), 1493

CLINICAL NOTES.—Anthrax, two cases untreated, 1007—Amyl-nitrite in pulmonary hæmorrhage, 427—Appendicular abscess containing a pin, 1236—Carbolic acid poisoning, 1344—Cavernous nævus, treatment by metallic magnesium, 494—Cranial fœtus, two cases, 100—Dissecting aneurysm of the thoracic aorta ulcerating into pericardium, 1236—Do fleas spread cancer? 853—Fenestration of anterior pillars of fauces, 229—Gall-stone formed round a catgut suture, 1236—Gangrene caused by application of carbolic acid, 100—Hermaphroditism, 100—Hernia of the lung, 19—Hydatid cyst in pelvic cavity, 229—Hydronephrosis of horse-shoe kidney; nephrectomy; recovery, 1151—Hypertrophy of the urinary bladder in a woman with an ovarian cyst, 1151—Injury to the bladder during an operation on a strangulated femoral hernia, 1075—Mirror-writing (case of), 20—Multiple congenital defects (Mr. J. S. Pearson), 854—Œdema limited to arms, face, neck, and trunk, ? cause, 1274—Œdema, pulmonary, acute, 427—Open safety-pin removed from the œsophagus of a child, aged five months, a case of acute pulmonary œdema, 283—Open safety-pin in œsophagus, 20—Osteo-fibroma of maxilla, 1343—Pancreatitis with jaundice and acute parotitis in scarlet fever, 853—Perforative appendicitis in pregnant woman followed by abscess of thyroid gland and abortion, 1037—Plague treated by Yersin's serum in three cases, 494—Pneumococcal meningitis, 1694—Poisoning by bromide of potassium, 1274—Poisoning by gelsemium, 717—Post-influenzal pericarditis, 1007—Septicæmia due to pneumococcus; death, 495—Spontaneous rupture of heart, 1343—Subclavicular dislocation of humerus, 1275—Tetanus successfully treated with antitoxin, 1075—Tuberculosis of testis, 230—Typhoid fever, Widal's reaction persistent, seven years after, 1694—Uterus, ruptured, notes on case, 1151—Warning against the indiscriminate use of the ophthalmo-tuberculin reaction (Calmette) in the diagnosis of tubercle, 716

Clinical Studies: a Quarterly Journal of Clinical Medicine, vol. v., 1907 (review), 111
Cliniques, Italian, demand for State aid to assist, 1038
Clogg, Mr. H. S., pneumococcic infection of serous membranes, 39; inguinal hernia in children (leading article), 241; acute intestinal obstruction, 639
Clonic spasm of right hand accompanying emotional condition in woman, 106
Clothing Exhibition, 1124
Clouston, Dr. T. S., resignation of, 198
Club contract practice, 970

Medical research, decline of, 201
Medical service of East India Company (Looking Back), 1300
Medical Sickness and Accident Society, meeting, 178, 383, 757, 1041, 1315

MEDICAL SOCIETIES.

ABERDEEN MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases, 293—Resection of the bowel; Chronic pleuritic effusion; Recognition and treatment of incipient mental disease in general and hospital practice, 567—Narcolepsy; Visual deficiency; Case of unusual manifestation of lues, 863—Exhibition of cases and lantern slides of skiagrams, 1153

ABERDEEN UNIVERSITY MEDICAL SOCIETY.—Lecture by Sir W. J. Sinclair, 198

ÆSCULAPIAN SOCIETY.—Exhibition of cases, 234—Nature and treatment of puerperal eclampsia, 503—Exhibition of specimen; Cæsarean section; Cremation, 642—Exhibition of cases, 791—Vascular lesions of nervous system, 791—Injuries to the eye; Rupture of aortic valve, 1079—Exhibition of cases, 1154—Nature of heart pain; New growth pressing on right subclavian vein, 1346

BRADFORD MEDICO-CHIRURGICAL SOCIETY.—Exhibition of specimens, 429—Classification of appendix abscesses, 430—Tuberculosis of lung, 1012—Method of obtaining rapid healing in acute abscess, 1346

BRIGHTON AND SUSSEX MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases; Recent improvement in operating for cure of femoral hernia, 863, 864—Diagnosis of intracranial tumour, 1214—Exhibition of cases; Acute suppression of urine; Notification of Births Act, 1907; Exhibition of cases; Malignant disease of the ovaries, 1418

BRISTOL MEDICO-CHIRURGICAL SOCIETY.—Specimens from myocardium in acute rheumatism; Carcinoma of breast in which metastasis occurred after 24 years; Lacrymal obstruction; Urobilinuria associated with polycythæmia, 861, 862—Breast cancer in relation to the lymphatic system, 1155

BRITISH BALNEOLOGICAL AND CLIMATOLOGICAL SOCIETY.—Adjourned discussion on blood pressure in spa practice, 503—Seaside treatment for sick children, 863—Annual provincial meeting at Harrogate, 1595

CLINICAL SOCIETY OF MANCHESTER.—Exhibition of cases, 24—Calmette's tuberculin ophthalmic reaction; Role of suggestion in treatment, 643

DEVON AND EXETER MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases; Actinomycosis of jaw; Leukæmia, 24—Exhibition of cases and specimens, 1013, 1014—Arthritis with purpura, 1345

EDINBURGH MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases, 105—Exhibition of cases; Appendicitis; The optic nerve in cases of intracranial tumour, 232—Removal of submaxillary gland; Electrolysis in medicine and surgery; Empyema, 501—Diverticula of alimentary tract; Sanatoriums for curable cases of pulmonary tuberculosis among the poorer classes; Inoculation of bacterial suspensions, 860—New dropper for ethyl chloride; Open ether mask; Preparing catgut; Pneumonia in children, 1485—Exhibition of cases, 1625—Exhibition of cases; Congenital stenosis of the pylorus in the adult; The treatment of aneurysm by electrolysis; Chronic inflammatory œdema of the submucous tissue of the nose, 1771

EDINBURGH OBSTETRICAL SOCIETY.—Hyperemesis gravidarum, 162—Hysterectomy for fibroid tumour; Angular pregnancy, 1554—Anatomy and histology of early tubal gestation, 1844

EDINBURGH ROYAL MEDICAL SOCIETY.—Repair, hypertrophy, and tumour growth in liver, 234—Annual dinner, 526

FORFARSHIRE MEDICAL ASSOCIATION.—Exhibition of cases; Ankylosis after dislocation of elbow; Routine use of x ray photography in private practice; Successful treatment of sciatica; Cholesteatoma of the temporal bone, 566; Exhibition of cases, 1153

GLASGOW MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases, 162—Method of recording efficiency of discharge of urine per urethram; Extensive injury to the brain; Exhibition of cases, 430—Temporo-sphenoidal abscess; Causes and treatment of lacrymation, 644—Causation and rational treatment of diabetes, 721—Exhibition of cases; Function of thymus gland; Mediastinal tumour, 862, 863—Exhibition of cases and photographs; Aural tuberculosis, 1153—Treatment of trypanosome diseases by means of atoxyl and its derivatives, 1154—Pathology and treatment of atrophic rhinitis; Exhibition of cases, 1419

GLASGOW SOUTHERN MEDICAL SOCIETY.—Some platitudes and the x disease, 1212

HARVEIAN SOCIETY.—Exhibition of cases, 292—Diagnosis and treatment of abdominal injuries; Treatment of bronchial asthma by inoculation with bacterial vaccine, 644—Treatment of incompletely descended testis, 1210—Exhibition of cases, 1210, 1419

HUNTERIAN SOCIETY.—Suppuration of middle ear, 163—Bier's method of congestion, 491—Treatment by bacterial vaccines, 790—Treatment, modern, of diseases of lower urinary tract, 791—Exhibition of cases, 864—Tuberculosis of skin, 1080—Rheumatism, 1277—Rheumatism, 1561

INCORPORATED SOCIETY OF MEDICAL OFFICERS OF HEALTH.—Disinfection, 642—Town Planning and Housing Bill, 1211

IRISH MEDICAL SCHOOLS AND GRADUATES' ASSOCIATION.—Annual meeting and dinner, 805

ISLINGTON MEDICAL SOCIETY.—Cropper *v.* Stokes; Spinal analgesia, 1555

LEEDS AND WEST RIDING MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases, 104—Chemistry, pharmacology, and therapeutics of ergot, strophanthus, squill, and digitalis, 290—Medical student life at Montpellier in the Middle Ages; Exhibition of cases and specimens, 291—Treatment of gastric ulcer; Exhibition of cases and specimens, 500—Pure animal wool as heat conserver in medical and surgical work; Ophthalmic reaction of Calmette; Acquired diverticula of sigmoid flexure; Exhibition of cases and specimens, 640—Mendelism and disease; Exhibition of specimens, 788—Exhibition of cases, 1214—Osteomalacia; Epilepsy; Exhibition of cases, 1418—Asthma, hay fever, and vasomotor rhinitis; Exhibition of cases and specimens, 1555

LIVERPOOL MEDICAL INSTITUTION.—Exhibition of cases and specimens; Plastic Roentgenography; Method of inflation of bladder with oxygen; Life-history of leucocytes, 21—Tagliocotian skin-grafting of arm; Ununited fractures treated by bone-grafting; Tabetic or trophic foot; Physique and health in Liverpool schools, 104—Physics of the mitral regurgitant murmur; Production of Pseudo-arthrosis at hip-joint; Volkmann's ischaemic paralysis; Paralytic calcaneo-cavus; Diagnosis and treatment of ectopic gestation; Ascites and tumour of ovary; Exhibition of specimens, 498, 499—Treatment of hæmoptysis by nitrite of amyl; Physiological importance of calcium salts, 565—Exhibition of cases; Cholecystitis, 719—Exhibition of cases, 1079—Rapid section cutting as an aid to diagnosis; Exhibition of specimens; Standardising vaccines, method of, 790—Milk-supply of Liverpool Hospitals; Ophthalmia neonatorum; Exophthalmic goitre, 859—Reminiscences of 42 years of professional life in Liverpool, 1012—Exhibition of cases; Etiology of appendicitis, 1154—Exhibition of cases; Butlin's operation for cancer of tongue; Brachydactyly, 1211—Chronic colitis, 1418

MANCHESTER MEDICAL SOCIETY.—Alcoholic cirrhosis of liver, 568—Influence upon growth of children exerted by defective metabolism of fat; etiology of psoriatic and allied conditions, 1156

MEDICAL SOCIETY OF LONDON.—Meeting, 178—Graduated labour in pulmonary tuberculosis; Opsonic index in tuberculous patients engaged in physical exercise, 232—Use of chemicals in aseptic surgery, 289—Nervous phenomena in pneumonia, 290—Exhibition of cases, 496—Chemical examination of gastric contents after test meal; Experimental production of gastric ulceration by injection of gastrotoxin, 638—Fractures of long bones, 787—Dinner, 824—Exhibition of cases, 1209—Malta fever, 1276—Amalgamation with Royal Society of Medicine advocated, 1368—Recent advances in surgical knowledge and treatment of syphilis, 1416—General meeting, 1431—Conversazione and annual oration, 1493

MEDICO-LEGAL SOCIETY.—Radical cure, certification of inebriates, 26—Analysis of 74 cases of sudden death while under influence of anæsthetics, 567—Post-mortem examinations in cases of deaths under anæsthetics; Legal liability of anæsthetists, 1008, 1012—Infanticide, its law and punishment and suggested alterations, 1345—Ruptured uterus; Medical men and libellous statement; Medico-legal significance of gonorrhœa, 1555

MEDICO-PSYCHOLOGICAL ASSOCIATION OF GREAT BRITAIN AND IRELAND, 532—Cretinism; General paralysis in father, mother, and son; Exhibition of cases, 1345; meeting, 1381

MIDLAND MEDICAL SOCIETY.—Exhibition of cases, 643—Exhibition of cases and specimens, 1080

NORTH OF ENGLAND OBSTETRICAL AND GYNÆCOLOGICAL SOCIETY.—Hæmatoma of broad ligaments; Gonorrhœa and uterine sepsis; Cæsarean section for pelvic deformity; Diffuse adenoma; Primary unilateral superficial papilloma of ovary; Supports of pelvic viscera, 22—Woman of future from gynæcologist's point of view, 292—Cystic degeneration of cervix; Cæsarean section; Carcinoma of cervix uteri; Cell dehiscence in pseudomucinous cysts of ovary, 721—Exhibition of specimens; acute complete inversion of uterus; severe concealed accidental hæmorrhage; Primary carcinoma of Fallopian tube, 1078—Analgesia *v.* anæsthesia; Dermoid cyst of mesentery; Pelvic kidney with congenital absence of Müllerian ducts; Exhibition of specimens, 1213—Exhibition of specimens; Cæsarean section; Cornual gestation; Epithelioma of labium majus; Pyelo-nephritis of pregnancy, 1488

NORTH LONDON MEDICAL AND CHIRURGICAL SOCIETY.—Uterine hæmorrhage as sign of disease, 722

NORTHUMBERLAND AND DURHAM MEDICAL SOCIETY.—Exhibition of specimens, 641

NOTTINGHAM MEDICO-CHIRURGICAL SOCIETY.—Anatomy and pathology of eye, 25—Otosclerosis; Alcoholic neuritis; Exhibition of specimens, 163; Exhibition of cases, 292—Complications and dangers of nasal surgery, 293—Exhibition of cases; Difficulties in diagnosis of mediastinal tumours, 568—Treatment of tuberculous disease of bone in children, 721—Common causes of urinary obstruction, 791—Exhibition of cases, 791, 1079—Diachylon poisoning, 1079—Embolism of the abdominal aorta, 1080—Dangers and evil effects of infant binders; Exhibition of cases, 1214

OPHTHALMOLOGICAL SOCIETY.—Carcinoma of orbit, coloboma of iris in each eye, microphthalmia resembling glioma, optic neuritis in cerebral tumours, exhibition of specimens, 428—Primary facts of colour perception; Exhibition of cases, 563—Optic neuritis in cerebral tumour, 857—Ptosis operations; Tubercle of iris treated by tuberculin; Arterio-venous aneurysm treated by ligature of common carotid artery; Phlyctenular keratitis and pustular episcleritis treated by anti-staphylococcic injections; Exhibition of cases and specimens, 1484; Epidemic of contagious conjunctivitis due to pneumococcus; Hereditary eye disease; Secondary xerosis; Lower corneal plaques; exhibition of cases and card specimens, 1843, 1844

PATHOLOGICAL SOCIETY OF MANCHESTER.—Exhibition of specimens, 235—Pathology of commonest gynæcological conditions; Cancer of body of uterus; Exhibition of specimens, 645—Hæmangeio-endothelioma of liver; Exhibition of specimens, 1214

ROYAL ACADEMY OF MEDICINE IN IRELAND.—Section of Anatomy and Physiology: Iliac colon in relation to hernia; Exhibition of specimens, 566—Colour fatigue; Fissure of Rolando, 1487—Section of Medicine: Diphtheritic fever; Eye strain, 23—Nephritis, 566—Duodenal ulcer, 1212—Section of Obstetrics: Exhibition of specimens; Teaching of obstetrics, 106—Exhibition of specimens; Puerperal infection, 720—Exhibition of specimens, &c.; Tuberculous salpingitis, 1077—Abnormal placenta; Operative treatment of puerperal infection, 1278—Exhibition of specimens; Obstetrical report of the Rotunda Hospital for 1907–08; Gynæcological report of the Rotunda Hospital for 1905–07, 1774—Section of Pathology: Exhibition of specimens, 233, 789, 1077—Exhibition of specimens; Spinal abnormality; Pathological report of Rotunda Hospital, 1564—Section of State Medicine: Alcohol and mental disease, 789—Registration of diseases in hospitals; Vital statistics of aged, 1563—Section of Surgery: Grafting of fibula to tibia; Post-anæsthetic vomiting, 291—Exophthalmic goitre, 292—Gall-stones; Exophthalmic goitre, 861—Tuberculosis treated by tuberculin; ureteral calculus, 1152

ROYAL SOCIETY OF MEDICINE.—General meeting, 732—*Clinical Section:* Status lymphaticus; Exhibition of cases, 160, 561—Hermaphroditism in which uterus occupied sac of inguinal hernia; Angina pectoris with aortitis; Cerebellar tumour with proptosis; Purpura hæmorrhagica with fatal result from cerebral hæmorrhage, 855—Fatal lymphocythæmia in early life; Multiple rheumatic nodules in adult; Right hemiplegia with optic atrophy; Exhibition of cases, 1206; Arterio-venous anastomosis for senile gangrene; A case of leucoderma; Death with symptoms of Addison's disease; rupture of brachial plexus, 1412—Exhibition of cases, 1413—*Dermatological Section:* Exhibition of cases, 101, 428, 718, 1008—*Laryngological Section:* Exhibition of cases and specimens, 161, 563, 857, 1076, 1344—*Medical Section:* Kinematograph in medicine; pathology and treatment of chronic constipation, 427—Acute suffocative catarrh; Acute ulcerative colitis with unusual symptoms, 717—Administration of tuberculin and other vaccines by the mouth, together with (*a*) normal saline solution and (*b*) fresh horse serum, 1623—*Obstetrical and Gynæcological Section:* Supports of pelvic viscera, 100, 1770—Exhibition of specimens, 100, 101—Enucleation of uterine fibro-myoma during seventh month of pregnancy; Hæmorrhage into pons varolii as immediate cause of death in eclampsia of pregnancy; Exhibition of specimens, 231, 232—Ovarian dermoid with secondary cysts connected with omentum; Exhibition of specimens, 638 Tuberculosis of Fallopian tube; Cæsarean hysterectomy; Excretion of creatinin, 1275—Intra-uterine death of fœtus, 1276. *Odontological Section:* Organisation of research, 178—Exhibition of specimens; Treatment of suppurative periodontitis in displaced teeth; Treatment of children from dental point of view, 1008—Exhibition of specimens; Movements of the mandible, 1344—Extraction of an upper wisdom tooth; Pyorrhœa alveolaris; Heredity and dental disease, 1624—*Otological Section:* Ménière's disease; Primary epithelioma (?) of tympanum; Exhibition of cases and specimens, 496—Exhibition of cases and specimens, 787—Clinical pathology of aural discharges; Exhibition of cases and specimens, 1416. Pathological Section: Diffuse cancellous osteoma of femur, 288—Tuberculous endocarditis; Effects of calculi upon photographic plates in dark; Malignant disease of rectum; Chimney-sweep carcinoma, 289—Acidosis in pregnancy, 637—Bang's method of glucose estimation; Œsophagostoma inflatum; Parasites of malaria, 786. *Surgical Section:* Subphrenic abscess, 159—Coxa valga, 560—Lumbar puncture in treatment of otitic meningitis, 854—Treatment of ulcerative proctitis by zinc catapheresis; Sciatica and surgical treatment, 1482—Reduction of old subcoracoid dislocation of humerus by excavating glenoid cavity through posterior intermuscular incision; Cystic tumour of suprarenal body successfully removed by operation; Compound fracture of arm; Ununited fracture treated by planting small fragments of bone between the ends, 1841, 1842, 1843 *Therapeutical and Pharmacological Section:* Action of digitalis in cardiac disease; Reminiscences of an apprentice 50 years ago, 27—Nutmeg poisoning; Arteriosclerosis and causation, 495—Therapeutics of diet, 718 Hypnotism, 1076—Rheumatism and chorea in children, 1415

SHEFFIELD MEDICO-CHIRURGICAL SOCIETY.—Exhibition of cases, 24—Acute rheumatism, evidence in support of bacterial origin, 1014—Exhibition of cases, 1213—Difficulties of diagnosis; Uterus bicornis bicollis; Carcinoma of cæcum and colon, 1346

SOCIETY OF ANÆSTHETISTS.—Status lymphaticus and general anæsthesia, 564

SOCIETY FOR THE STUDY OF DISEASE IN CHILDREN.—Congenital hypertrophic stenosis of pylorus; Exhibition of cases, 497—Acute intestinal obstruction, 639—Exhibition of cases and specimens, 640—Granular kidney; Exhibition of cases, 1013—Henoch's purpura with intussusception; Tetanus neonatorum; Exhibition of cases, 1213—Exhibition of cases and specimens; Empty bronchus treatment by posture in bronchiectasis, 1488

SOCIETY OF TROPICAL MEDICINE AND HYGIENE.—Ankylostomiasis in Australia; Physaloptera mordens, new parasite of man; Part played by metazoon parasites in tropical pathology, 102—Biographical sketch of Prof. F. Schaudinn, 235—Unequal distribution of filariasis in the tropics, 290—Kala-azar; Exhibition of slides, 719—Dysenteric diarrhœa in the tropics, 1210—Rôle of filaria in production of disease; Use of quinine during pregnancy, labour, and puerperium, 1552

SOUTH-WEST LONDON MEDICAL SOCIETY.—Treatment of pneumonia and complications, 25—Diagnosis and treatment of hæmorrhage from mouth, nose, and stomach, 234—Practical applications of electricity and x rays, 645

UNITED SERVICES MEDICAL SOCIETY.—Cause, prevention, and treatment of Mediterranean or undulant fever, 21—Hernia, recurrent, operation for, 161—Physiological principles of physical training; Hospital ships, 858—Effects of heat in the tropics, 1489—Exhibition of cases, 1078—Probable diseases of territorial army, 1277—Plea for more detailed study of soldier's heart, 1845

WEST LONDON MEDICO-CHIRURGICAL SOCIETY.—Exhibition of specimens, 792—Examination of pelvis and abdomen during pregnancy; Some neglected remedies, 1417—Causes of unconsciousness, 1845

WIGAN MEDICAL SOCIETY.—Exhibition of cases; Renal calculi, diagnosis and treatment, 1279

WINDSOR AND DISTRICT MEDICAL SOCIETY.—Treatment of puerperal eclampsia, 107—Exhibition of cases, 791—Danger of delay in performing operations, 792—Exhibition of cases; Pre-operative treatment of non-malignant disease of stomach, 1279

Medical students of London, needs of, 52, 130, 1318, 1797
Medical studies, coördination of (leading article), 36
Medical trial, 1182
Medical women, education of, 1112; in Edinburgh, 1034; modern, pioneer of, and her predecessors of the Middle Ages, 173; Post Office and medical attendance (Parliamentary question), 1525
Medication, direct, of intestines, 1369
Medicine and diplomacy, 1725

MEDICINE AND THE LAW.—Apology for unjustifiable advertisement, 1506—Assaults on officials discharging their duties, 1651—Authority of manager to obtain medical assistance for workmen, 1791—Brown v. Butler, negligence in supplying impure water, 1099—Burning and overlying of children, 123—Canine specialist, 1167—Casual employment under the Workmen's Compensation Act, 1711—Christian Science treatment, 168—Cocaine poisoning case, 809—Cruelty to children, medical evidence, 168—Damages £500 for libelling a medical practitioner, 517—Death from eating chromate of potassium, 1298—Death from heat on board ship held to be an accident, 123—Delusions not affecting testamentary capacity, 1865—Disposal of infected bodies, 300—Evidence as to ability to work, 1885—Exemplary sentence on milk dealer, 1298—Fergusson v. the Malvern urban district council, 517—Health and safety of young children, 448—Herbalist sued unsuccessfully by Society of Apothecaries, 1168—Hynotism as an excuse for crime, 1651—Infanticide and live birth, 1792—Insanity a bar to valid marriage, 1651—Jamaica rum and Demerara rum, 1298—Kissing the Book, 447—Legal liability of anæsthetist, 1167—London parks as sleeping places, 1711—Lunacy Act, 1890, offence under, 838—Malt vinegar, 123—Medical attendance on servants, is a master liable? 447—Medical attendance on workmen, 1791—Medical certificates for school children, 517—Medical fees, an important decision, 1365—Medical man and coroner, 1231—Medical man's motor-car in collision, 1298—Motor grease in streets, 1507, 1651—Notification of Births Act (1907), 733—Overlaying and Children's Bill, 1507—Pistol again, 1100—Plowden, Mr., and evidence of divisional surgeons of police, 962—Prescribing druggist and death from opium poisoning, 1028—Professional secrecy, 663—Problem of expert testimony, 1651—Prosecution under Cremation Act, 1507—Prosecutions for sending indecent matter by post, 962—Protection of infant life, 1507—"Separate existence" of newly born child, 1365—Troutbeck, Mr., on deaths under anæsthetics, 1298—Tucker v. Wakley and Another, 391—Vinegar, what is it? 808—Voice production, 538

Medicine, Clinical, Chair of, at Glasgow University, 1882
Medicine, development of, in Russia, 1565
Medicine, lay, 829
Medicine, Minor, Treatise on Common Ailments (Dr. W. E. Wynter) (review), 866
Medicine, Modern, Makers of (Dr. J. J. Walsh) (review), 1776
Medicine, Pathology of, vol. iii. of, Metabolism and Practical Medicine (Prof. C. v. Noorden) (review), 1489; Practice of, by a corporation, 990; Text-book (Dr. J. M. Anders) (review), 1350; Theory of (Sir W. Whitla) (review), 1280; Romance of (Mr. R. C. Macfie) (review), 794; and Surgery, Encyclopædia and Dictionary of (review), 29; by Many Writers (review), 26, 1014; Text-book of (translated into French) (Dr. W. Osler) (review), 295; inaccurate dosage of, 512, 596; proprietary, in Australia, protection for dealers in, 1377; (see Quack medicines); secret, and cosmetics, taxation of, 603; special charges for dispensing, at night, 601
Medicine, some aspects of, in China, 194
